SKILLS

Languages: Java, C++, JavaScript, Python
Web Technologies: HTML, CSS
Tools/Platforms: React, Git/GitHub, MySQL
Soft Skills: Problem-Solving, Teamwork, Adaptability

PROJECTS

Web NGO Donation App | *HTML, CSS, JS, ReactJS* Jun 2025 - Jul 2025

- Built a web-based platform to simplify and promote transparent online donations, enabling users to easily support NGOs and contribute to meaningful social causes.
- Designed and developed a modern React-based application with intelligent filtering and recommendation features, allowing donors to discover NGOs based on causes, impact areas, and personal interests while ensuring a seamless user experience.
- Improved donation accessibility and user engagement by creating a structured, trustworthy platform that helps NGOs reach a wider audience and attract more focused contributions.

License & Registration Renewal Portal for MSEs | *HTML, CSS, JS, ReactJS* Jul 2025

- Developed a web-based e-portal to simplify license renewal and business registration processes for Micro and Small Enterprises (MSEs), creating a centralized and accessible digital solution.
- Built features including online application submission, secure document uploads, real-time status tracking, and RESTful API integration for enterprise data validation, along with responsive UI design and structured form workflows.
- Reduced manual paperwork and processing delays while improving data accuracy, transparency, and overall user experience for business owners across devices.

TRAINING

Mastering MERN Stack | *Lovely Professional University* Jun 2025 - Jul 2025

- Completed an intensive summer training program covering full-stack development using MongoDB, Express.js, React.js, and Node.js.
- Gained hands-on experience building REST APIs, dynamic frontends, and database-driven applications with real-world workflows.
- Developed a fully functional web application implementing user authentication, CRUD operations, and responsive UI using the MERN stack.

CERTIFICATES

Full Stack Development in React and Node | Lovely Professional University Jul 2025

Computer Communications Specialization | Coursera Nov 2024

EXTRA-CURRICULAR

Participated in Hack-IOT Hackathon Feb 2024

EDUCATION

Lovely Professional University Punjab, India
Bachelor of Technology Aug 2023 – Present
Computer Science and Engineering; CGPA: 6.28

Saint Vivekanand Sr. Sec. Public School Uttar Pradesh, India
Intermediate Mar 2020 – May 2021
PCM; Percentage: 74%

Saint Vivekanand Sr. Sec. Public School Uttar Pradesh, India
Matriculation Mar 2018 – May 2019
Percentage: 84%
